

Hauxton Primary School

"Being the best we can be"

We will work hard with you to ensure that your child wants to learn with us every single day

Our aim is, for all our children, to develop the skills, knowledge and understanding that they need to prepare them for the opportunities that lie ahead of them, as well as develop their individual capabilities and a real enthusiasm for learning. We give you a commitment to a well-planned, high-quality education for your child. Working as a team, we work hard to ensure every child is able to recognise their full potential in a diverse and swiftly changing world.

We have high expectations for all children in our care. At our school, children come first. We offer support and guidance to parents at many levels and we receive truly amazing generosity and support in return. You, as parents are the first and most important natural teachers to your child and we aim to encourage and nurture that important link for the good of all children.

I feel privileged to be involved with such an amazing, dedicated, dynamic and enthusiastic teaching and support team of the very highest calibre. Together we make our school a safe happy caring environment where every child is valued and listened to and where together we strive to realise our hopes and expectations for all.

Sasha Howard - Headteacher

Hauxton Primary is a school that values children as individuals

Our school is tucked away in the village of Hauxton, in a large attractive site. We cater for children from ages 4 to 11 years and currently have 75 pupils.

Children spend seven years at Hauxton Primary School moving through mixed aged classrooms; with accommodation in our improved and extended setting further developed in 2017. Our original building has been on the site since 1974.

The central aims of our curriculum are to work in collaboration with families and our extended community to promote pupils' spiritual, moral, social and cultural development and prepare all pupils for the opportunities, responsibilities and experiences of life.

We pride ourselves in providing a caring friendly environment where we get to know and support you as a family

Our curriculum is designed meet the National Curriculum requirements and more. Our children acquire first-hand knowledge and develop crucial skills through cross-curricular learning themes. Core and foundation subjects, environmental and economic awareness, are carefully woven into a coherent whole. You can find out more information on our website.

Our school enjoys a strong academic reputation. Children succeed highly at in many aspects at our school. Excellence is encouraged and celebrated. Children leave Hauxton Primary School highly literate and numerate. At the end of Key Stage 2 (aged 11 years) pupil results show a high proportion of children achieving at the higher levels.

We encourage your child to develop their potential and pride in their achievement

Our school aims and positive behaviour expectation underpin our learning at Hauxton Primary. We emphasise collaboration in striving for excellence. Our Children's Charter embodies our values of **C**ommunity, **A**spiration, **R**espect and **E**ngagement.

Systems are in place to identify when children have barriers, which may affect their learning and we tailor specific support to enable pupils to overcome these.

This practice of personalising learning applies to all pupils across the learning spectrum and for academically more able pupils this means provision of weekly challenges as well as opportunities to attend events to develop their particular talents.

Regular attendance is central to ensuring all pupils can fulfil their potential

We are committed to promoting and monitoring healthy food at break and lunch times. You may like your child to have a mid-morning snack; we welcome fruit and vegetables, and ask you not to send your child with chocolate, crisps or sweets of any kind.

Children in our first three youngest classes are provided with fruit every day as part of the National Fruit Scheme.

Children may book a school dinner or bring a packed lunch. High quality school meals are cooked on the premises and always include vegetarian and cold options. If your child has any specific dietary requirement, please contact the school for a personalised menu.

If you think your child may be eligible for funded school meals, please let our school office know or find out how to apply on our school website.
