

# Weekly Bulletin

March 14<sup>th</sup> 2025

*Oak class biographies of NASA's Katherine Johnson*

It has been a fun filled week of learning here at Hauxton, as children have been learning about all things scientific during British Science Week. Why not encourage your child to join on and download the [British Science Week Activity Pack?](#) Do take a look at [Oak Class debates](#) on our school news page...you might be surprised with their conclusions – we were!

It really does feel like spring is on the horizon despite sun, rain, hail and snow this week! A flurry of summer dresses and shorts are appearing in school along with essential waterproof jackets and fleeces to match the daily changing weather.

Our summer uniform consists of charcoal grey shorts or culottes (not sports shorts please), white or red polo shirts, blue and white checked dresses and a sweatshirt as necessary.

Please do remember that a **water bottle, named sun hat and waterproof coat** are essential items of clothing during the rest of the school year.

Be in the line at quarter to nine

## New Parent Governor

I would like to take this opportunity to welcome our new parent governor Claire Geyman to the Governing Board. We are very excited she has chosen to come and work with us, bringing excellent expertise to the board.

Claire has held various senior finance roles and offers the school her financial skills in strategic planning and responsible resource allocation. Claire is eager to collaborate with our school's leadership to contribute to our school's success – we look forward to working with her.

If you are interested in school Governance – please contact [our existing team](#) for more information.

## The Cambridge Festival

With events from AI to a vision for 2125, Cambridge Festival **from 19 March - 4 April** invites you to explore and discuss science through talks, hands-on activities, performances, exhibitions and films. For 17 days, the festival will showcase over 350 mostly free events which explore the future of society, health, the environment, and discovery. Running until 4 April, the festival invites people of all ages to engage with ground-breaking research, provocative ideas, and cutting-edge innovations at venues across the city.

Taking place on **29 and 30 March, Family Weekend** is a free weekend of hands-on activities, talks, workshops and interactive demonstrations for the whole family. From creating clouds and hunting aliens to a special show with one of Britain's best loved writers and performance poets, Michael Rosen. The [full programme](#) is now available and bookings are open.

Thank you all for your support in getting our new Parent App up and running. **Please check your child's permissions in the app, by heading to the Parent Consent section.** We are confident that this change will help us serve you more effectively and improve your overall school experience. As always, we appreciate your support.

Please check [our website calendar](#) for upcoming events and important dates  
From the Team at Hauxton Primary School – we wish you well!

# Should I keep my child off school?

Yes

Until...

Chickenpox	at least 5 days from the onset of the rash and until all blisters have crusted over
Diarrhoea and Vomiting	48 hours after their last episode
Cold and flu-like illness (including COVID-19)	they no longer have a high temperature and feel well enough to attend. Follow the national guidance if they've tested positive for COVID-19.
Impetigo	their sores have crusted and healed, or 48 hours after they started antibiotics
Measles	4 days after the rash first appeared
Mumps	5 days after the swelling started
Scabies	they've had their first treatment
Scarlet Fever	24 hours after they started taking antibiotics
Whooping Cough	48 hours after they started taking antibiotics

No

but make sure you let their school or nursery know about...

Hand, foot and mouth	Glandular fever
Head lice	Tonsillitis
Threadworms	Slapped cheek
