Simplifying Fractions in Sycamore Class

As part of our ongoing commitment to ensuring a safe, supportive, and enriching learning environment for our pupils, we would like to remind you about some of our most [important school policies](#). These policies help foster a positive school culture, promote pupil well-being, and ensure that everyone involved in our school community understands their roles and responsibilities. Please take a moment to review these key policies and if you have any questions, do not hesitate to reach out to us.

Our Positive Behaviour policy has recently been reviewed and approved by our Governors. It outlines the ways we recognize and reward positive, kind, and helpful behaviour that demonstrates consideration for the feelings and rights of others, and contributes to both our school community and society at large. We foster intrinsic motivation through consistent verbal praise, aiming for children to feel proud of displaying these valued behaviours. Our PHSE curriculum also clearly teaches what these behaviours look like in practice. Take a look [here](#).

School lunches are prepared on-site in our school kitchen by HCL Catering, but on occasion due to staff illness, meals are cooked off site and brought in to school. If you would like your child to have a school meal, **please ensure you pre-book in advance to ensure your child gets a meal**. Booking closes on ParentPay at 8.30am each day.

Be in the line at quarter to nine

Reminder: Label Your Child's Uniform!

As the weather warms up, many children are opting to remove their uniforms during outdoor play. Reuniting lost items with their rightful owners can take a significant amount of time. We kindly ask all parents to label their child's uniform with their child's name. This small step can make a big difference in ensuring that items are returned promptly and easily, preventing unnecessary delays and confusion. Thank you for your cooperation! [Click here](#) to order Stikins name labels and raise money for our school.

Host Your Next Event at Our School

Did you know that you can rent our school's facilities for your next event? Whether you're planning a conference, workshop, party, or any other gathering, our versatile spaces can accommodate a variety of needs.

Our school name offers:

- Spacious hall and outdoor spaces
- Modern amenities and technology
- A welcoming and convenient location

For more information on booking and pricing, please [see our website](#). We look forward to hosting your next event!

Cambridge Literary Festival

Join one of our local events in April for children to inspire a life-long love of books.

From the Team at Hauxton Primary School – we wish you well!

What Parents & Educators Need to Know about STREAMERS

WHAT ARE THE RISKS?

Livestreaming has become a big part of the entertainment people consume, and what began as a series of gamers sharing their screens has grown into a huge industry packed with personalities – and potential risks for your children. With over 2.5 million people watching Twitch, the most popular streaming service, at any one time, it's important to remain aware of the risks associated with streamers.

INAPPROPRIATE CONTENT

Some gaming streamers will stick to family-friendly titles, but others will play more violent games that tend to be more popular. Non-gaming streamers could, in theory, discuss just about anything, and some streamers will often stream in revealing outfits.

NEGATIVE INFLUENCES

While things have improved, streamers are often paid by companies to promote products, and this isn't always stated explicitly. While it's unlikely these goods will be harmful to your child, some streamers and influencers have engaged (knowingly or not) in scams in the past.

FINANCIAL HARM

Streamers will often have donation buttons on their screens for users to submit money. What can start as small amounts can quickly spiral as streamers engage with paying viewers more often, potentially leading to financial issues.

UNREALISTIC EXPECTATIONS

Influencers often showcase how glamorous their lives are, making some users feel as though they are lesser. However, it's important to stress that, in many ways, this is an act, or at the very least, not common. Logan Paul, who has been successful as a streamer and influencer, has a Pokemon card worth \$5 million, but this is atypical of anyone working in the medium.

MISINFORMATION

Streamers are, in many ways, just like us – and they can get things wrong or rest off an opinion without having thought about it. Some can simply say awful things to get a rise out of viewers or to sway them to their side of a hot topic.

ADDICTION AND SCREEN TIME

If your child is watching a lot of a particular streamer, it can be just as damaging to their social life as playing too many video games.

Advice for Parents & Educators

EXPLAIN HOW STREAMING WORKS

For a younger viewer, being a streamer or influencer seems aspirational, but it involves a lot of work and no small degree of good fortune. Streamers are often managed and unable to speak freely due to sponsors, and influencers are just that – influencing young minds, for better or for worse.

CHECK OUT STREAMING PLATFORMS

While Twitch was the de facto streaming service for years, YouTube has gained popularity, too. Then there are Kick and Bumble, which have grown in popularity with moves for big-name streamers – despite many being dogged by controversy.

DO NOT LOG PAYMENT INFORMATION

Streamers can reward donations with additional content, an on-camera "shout out" and more. If you're unsure about who or what your child is watching, consider avoiding linking payment information. This is especially notable with Twitch, which is owned by Amazon and therefore has some crossover.

SET SCREEN TIME LIMITS

You can set screen time limits for mobile apps on iOS and Google, but with other platforms like a PC it may be more difficult to keep tabs. Consider checking in regularly to ensure your children aren't watching content they shouldn't be.

Meet Our Expert

Lloyd Coombes is the Games Editor of the Daily Star, and has been working in the gaming and tech industry for five years. A regular visitor to the App Store to try out new tools, he's also a parent and therefore understands the importance of online safety. He's also a tech and fitness writer and has been published at sites including IGN, TechRadar, and plenty more.
